

Symposium – Learning and Teaching Space in Higher Education in the Western Balkans

LTSHE Project Multiplier event

Where and when:

21 October 2022; 14.15 – 16.30

Media Center, AAB College

General Aims of the Multiplier Event:

- Disseminate results of LTSHE project among education authorities and higher education institutions in Kosovo and in the Western Balkan region
- Gather input from critical reflection of the participants from higher education institutions in Kosovo and in the WB region
- Embed theme of learning and teaching space into current debates and perspectives on HEI governance and funding and HE policies in the Western Balkans
- Prepare LTSHE project partners for final project phase

Target Audience:

- HEI representatives and members (e.g. leadership, quality management, teaching staff, students)
- Further HEI stakeholders (e.g. quality assurance agency, training providers, professional associations, HE authorities)
- HE researchers (e.g. curriculum, quality assurance, online learning, teaching and learning models)

Activities and Contents:

- One keynote speaker from the LTSHE project
- Presentations by regional experts in the field of learning and teaching space
- Presentation of project methodology and selected results
- Panel discussion of various stakeholders.

There is no conference fee; catering (lunch, coffee) is included.
